## HERE TO CREATE INTEREST IN THE Y. M. C. A.

District Secretary of the Y. M. C. A. in Kentucky Pays Maysville a Visit to Create Interest in the Organization.

Mr. L. S. Zerfoss, of Lexington, formerly a prominent attorney at Ashland but now District State Secretary of the Y. M. C. A. is in Maysville today calling on the business men and those who have all along supported the Y. M. C. A. work in the State of Kentucky.

Mr. Zerfoss hopes to create enough interest in the Y. M. C. A. in Maysville and Mason county, to cause a desire on the part of the local people for a Y. M. C. A. organization in Maysville after the war problems have all been solved. He says that the boys returning from war have become so accustomed to having a place to go like the "Y" that he expects organizations to spring up all over the nation until most every town of any size will have some sort of "Y" or club room for the use of the young men.

While in Maysville Mr. Zerfoss hopes to call on the business men and create in them a desire to lead the movement to establish a Y. M. C. A. here in the near future.

## FARMERS PAY FOR FARM IN ONE YEAR

So high is tobacco on the Maysville looseleaf market that farmers who have purchased farms on land notes are paying for their entire farms out of the proceeds of this one year's tobacco crops. Several instances in which this was done are recounted by tobacco warehousemen.

## NAVAL RESERVE BAND MAY COME TO MAYSVILLE AGAIN

Effort Being Made to Have Naval Reserve Band Come Back to Maysville for Concert in the Near Future.

The Board of Directors of the Chamber of Commerce met in regular session yesterday afternoon and transacted much business of importance for the organization.

The Secretary read the following communication which he addressed to Lieutenant Clark, also the wires received from Manager McRoy.

On the 4th of January, the following letter was addressed to Lieutenant J. H. Clark of Cleveland, Ohio, by the Chamber of Commerce:

"In the December 30th Bulletin, issued by the Fourth Federal Reserve District Committee, we read that you if we desire to obtain the U. S. Navy Reserve Band for a concert in this city.

"While Maysville is a city of about only 8,000 inhabitants, we are, the county seat of Mason, one of the most prosperous counties in the State of Kentucky, and, one contributing as large a per cent. of volunteers and money to the recent war as any county in the State. Mason county has a population of 20,000 and is a trading center for about ten adjoining counties in Ohio and Kentucky.

"We have a very live and active Chamber of Commerce, and a fine set of business men, who will be more than glad to have a visit from the U. S. Navy Reserve Band, if the schedule can be so arranged.

"Thanking you in advance for any consideration you may feel privileged to grant us, and wishing you a very happy, healthy and prosperous New Year, we remain,

"Very respectfully yours,"

The following telegram was received yesterday morning from Mr. McRoy of the Naval Reserve Band.

"Book Maysville Saturday, January 25th. Secure concert hall. Wire answer collect care Gibson Hotel."

A later telegram from Mr. McRoy states, "Lexington will have to book Maysville through Dayton, Ohio. The master was left to the hands of Treasurer N. S. Calhoun, who will take the matter up with Lexington in an effort to secure the band for Maysville.

## MUCH TANGLED CASE TO BE ARGUED SATURDAY

Circuit Court Opens Saturday and Thomas Herron Case Which Is Much Tangled in Law Will Be Given Hearing.

When the Mason Circuit Court is re-opened Saturday morning arguments will be made in the Thomas Herron case which is one of the most complicated suits ever filed in Mason county.

The Equitable Trust Company, of Dover, is the administrator of the estate while the Bank of Maysville is guardian of the only child. It will be remembered that Herron was killed at the government dam just above the city and that a settlement was reached with the contractors. The Bank of Maysville as guardian of the child has brought suit for a settlement claiming that the widow is not entitled to participate in the division of the estate.

The case has been up in court for several months and all of the lawyers at the Mason county bar will watch with interest the final outcome.

## BISHOP PREACHES HERE SUNDAY

Contrary to recent announcement in the papers, the Rt Reverend Lewis W. Burton, Bishop of the Episcopal Diocese of Lexington, will preach at only the morning service at the Church of the Nativity Sunday.

The following program of music appropriate to this season of the church year has been arranged for the morning service:

Processional—As With Gladness—Dix Kyrie Eleison ..... Read Anthem—Hark, the Herald Angels..... Buck Canticus ..... Read Agnus Dei ..... Read Gloria in Excelsis ..... Read Recessional—Brightest and Best.... Heber

## NATIONAL REPUBLICANS HOLD ROOSEVELT MEMORIAL

Republican National Committee Leaders Holding Meeting in Chicago—Women Go Before Committee.

Chicago, January 10—For the first time in the history of the Republican party, the national committee met today to plan a presidential campaign in co-operation with women party leaders.

Preliminary to the executive meeting of the committee today, members of the Republican Woman's National Executive Committee conferred with National Committee leaders.

It was believed the women would go before the National Committee when it convened shortly before noon for further discussion of campaign plans.

Chairman Will Hays hoped to conclude the routine work of the committee at one session today.

That work accomplished the remainder of the day was to be given over to an open meeting which was expected to take the form of a Roosevelt memorial.

Governors McElvee, Nebraska; Burnquist, Minnesota, and Beekman, Rhode Island, were to address the open meeting.

## BAND INSTRUMENTS WILL BE HERE TOMORROW, THEY SAY

Youngsters Impatient For Their Band Instruments to Arrive Have Annoyance They Will Be Shipped at Once—Directors Meet.

There has been considerable delay in the delivery of about 40 hand instruments to be used by the members of the Maysville Boys Band because of the impatience of the lads who are very, very anxious to see and handle their horns. Prof. Young today had a long distance telephone talk with the Wurlitzer Company, of Cincinnati, who are making the instruments. They assured Prof. Young that the horns will be shipped out today and should reach Maysville tomorrow. The delay, they said, was in nickel plating the instruments.

The managing committee of the Maysville Band met this morning in the band quarters in the Capron building. They were all very much pleased with the quarters and ordered all bills for the improvements paid.

They also decided to make other improvements in the quarters immediately.

After tomorrow the majority of the boys will have their instruments and practice will begin in real earnest each afternoon and evening.

## OLDHAM HELD IN WIFE'S DEATH

The Cincinnati Post says: A charge of assault and battery against John Oldham, 39, was changed to murder by Covington police Thursday night, when his wife, Anna Oldham, 45, died.

The woman, found unconscious in her home, 410 East Fifth street, last Monday, died without regaining consciousness.

Oldham, police say, admitted quarreling with his wife last Saturday night, but denied striking her.

Coroner Stephens ordered examination of the body Friday. Police told Stephens broken furniture in the room where she was found indicated a struggle.

The case has been up in court for several months and all of the lawyers at the Mason county bar will watch with interest the final outcome.

## CIRCUIT COURT IN SESSION AGAIN SATURDAY

The Mason Circuit Court will be in session again Saturday. The Equity docket will be called and it is expected that it will be cleaned up considerably.

## OHIO TOBACCO GROWER OVERCOME BY GAS IN ROOM

Alva Metzger, Prominent Young Brown County Tobacco Grower, Found in Room at Boarding House Near Death From Gas Fumes.

London, January

Berlin for control of the Government machinery is evidently in favor of Chancellor Ebert, according to the latest

Government forces were reported have captured practically all public buildings.

Martial law had been proclaimed through the city, and reinforcements were pouring into Berlin all day yesterday to clinch the apparent victory over the Spartacists.

The insurgents were driven from the telegraph offices by artillery fire. Spartacus headquarters, set up in Central Police Station, had been isolated by the cutting of telephone and telegraph wires.

The Spartacists apparently held the waterworks and power plants, resulting in much of the city being without water and light.

The young man did not make his appearance Friday morning and the landlady went to the room. She found the room filled with gas and Metzger in an unconscious condition on the bed. Dr. L. H. Long, who lives nearby, was called and gave the man medical attention.

The gas in the room was turned on and not burning. Whether the young man had blown it out or not it is not known but the gas jet was opened when the room was entered. Although the young man is still in a very serious condition it is thought that he will recover from the effects of the gas. He was still in an unconscious condition Friday afternoon.

## BOY COAL HEAVERS RELEASED ON BOND

The four boys who were arrested some time ago by C. & O. railroad detectives on charge of stealing coal from the railroad company and who would have had to remain in the county jail the last of March for trial, have been released from jail on bond which was obtained by people interested in seeing the boys released.

From the advance sale of tickets it appears that there will be a good sized audience at the Washington theater this evening to see "Pollyanna."

Mr. Clarence Dodds of Middletown, Ohio, is the guest of the family of his son, Carl Dodds, of Forest avenue.

## TOBACCO REPORT

The report of State Commissioner of Agriculture Cohan on the sale of tobacco during the month of December shows that a total of 38,265,947 pounds of 1918 tobacco was sold at a general average of \$25.74. A total of 17,005,812 pounds of Burley was sold at an average of \$28.11.

Mr. Charles Grote, of the Vaneburg Sun, was in Maysville today on business and paid the Public Ledger a pleasant call.

## ACTION ON HARRIS CASE IS DAILY EXPECTED

Local officials are expecting the Kentucky Court of Appeals to hand down a decision on the appeal of Lewis Harris' convicted murderer and sentenced to die in the electric chair, within a few days. This case was set for January 6 and the court may not on the appeal now at any time.

Mr. Charles Grote, of the Vaneburg Sun, was in Maysville today on business and paid the Public Ledger a pleasant call.

## Mr. Farmer

Start those New Year resolutions by resolving this:  
"That I will get a good up-to-the-minute plow, till my soil,  
RIGHT, and get as much out of my farm as the good Lord ex-  
pects me to."

"I will go to the Square Deal Store, when I sell my tobacco and see what kind of plows he has to sell me, and I will consult his judgment, backed up, as it is by experts from the big plow factories in the country, and next year, my crops will prove the wisdom of my course."

The Square Deal Man will help you keep these resolutions, believe me; for he is for the farmer, first, last and always.

be said to be characteristic of no  
originality of thought and action  
apart from his fellows. It is not too  
of the United States since the time of  
pression upon the country as has Roosevelt.  
erican. His advocacy of what he himself term-  
"life," and his practical application of that mode  
himself, made him the idol of the millions of Americans  
that the application of enthusiasm and confidence will  
most obstacles.

Col. Roosevelt gloried in his citizenship. He not only offered  
best abilities to the civil life of the Republic, but he was always  
at the front when danger threatened. In the Spanish war none who  
more energetic than he in organizing and leading the men who  
brought about early victory in Cuba. He clearly discerned the dan-  
ger to our country if Germany was successful in her contest with the  
allies, and urged that the United States throw the weight of her  
power into the balance long before we actually entered the conflict.  
Who can say that America and the world would not have profited  
had his advice been followed?

When war with Germany was actually upon us Col. Roosevelt  
was among the first to offer his services to his country. He wanted  
no desk at Washington, but begged to be assigned to our combat  
forces overseas. Not only did he tender his own life to his country  
but he organized an entire brigade of men outside of draft age eager  
to follow him into the thick of the fight. The fact that his proffer  
was not accepted by those in power at Washington does not detract  
in the least degree from the patriotism and sacrifice that inspired  
him in making it.

But although unable to go to Europe himself Col. Roosevelt  
was quick to give his enthusiastic assent to his four sons engaging  
in the fight. One of them met tragic death at the hands of the enemy,  
and the others have received wounds that testify to their personal  
daring. His grief over their sufferings was intensified by the thought  
that he was not permitted to share their dangers. Although Col.  
Roosevelt did not don a uniform it is hardly too much to say that he  
is a victim of the war. No citizen of the country has been more active  
than he in urging every man to do his bit for victory. Criticized  
by some for calling the Administration to task for manifest failures,  
it must be admitted that his efforts and those of his friends have  
been productive of much good through the reforms in our military  
organization that were secured. His devotion to war work entailed  
exertions on his part that undoubtedly hastened his death, and it  
may be justly said of him that he gave his life for his country as  
truly as if he had died on the battlefield.

Col. Roosevelt made strong friends. He likewise incurred violent  
enmities. But every antagonist must concede that Mr. Roosevelt  
was a worthy opponent. He never resorted to unfair means to discomfit  
his adversary. Treachery was unknown to him, and his fights  
were won by straight blows from the shoulder. As an example of  
virile American manhood the memory of Theodore Roosevelt will live  
in the minds of all, to be emulated by those of our citizens who wish  
to preserve the United States from mental and physical decadence.

## THIS IS NOT A MOVING PICTURE

OUR LETTER  
BOX

Correspondents will please give facts as briefly as  
possible. When anything of great importance occurs  
use the Telegraph or the Telephone at our expense.

Peebles, Ohio.

Reports read in the Ledger of the unexpected passing into their heavenly homes of our good friends, W. I. Nauman and Rev. H. C. Northcott come with a sad shock to our readers and sympathy is extended to their bereaved relatives.

Peebles readers were much gratified to read of the interest taken by Maysville people in the project of improving the old Zanesville to Maysville road. As Peebles lies upon this road and contains several old buildings used as taverns in very early days, we are directly interested in the proposed improvements and will do anything in our power for its success.

The Peebles Looseleaf Warehouse was the scene of the great opening sale Saturday, January 4. Some fancy prices were received and much satisfaction is expressed over the average rate. Two sales are to be held each week in January, Wednesday and Saturdays.

The Woman's Home Missionary So-

ciet held their regular monthly ses-

sion at the home of Mrs. G. W. Hook.

Wednesday afternoon.

The Farmers' Institute held at this

place January 1 and 2 was very in-

teresting and instructive, though not

many people from out of town were  
in attendance because of the inclem-  
ency of the weather. The state work-  
ers were enthusiastic and inspiring  
and plans were made and money  
promised to make next year's Insti-  
tute better than ever.

Mrs. George E. Hertz is home after a four weeks' visit at Oakley, Cin-  
cinnati, where she was called by the  
serious illness of her mother, Mrs.  
D. Fletcher. We are glad to hear that  
Mrs. Fletcher is much better.

Lieut. Russell Kessler of the Of-  
ficers Training School at Chicago,  
spent the holidays with his parents,  
Hon. and Mrs. J. R. B. Kessler.

Miss Anna Mae Fleming, student  
of the Ohio State University, spent  
the holidays with her parents, Mr.  
and Mrs. Charles Fleming.

Mrs. C. N. Smith entertained Class  
No. 4 of the Methodist Episcopal Sun-  
day School on Friday evening. Each  
member was asked to bring her hus-  
band and several other guests were  
invited so about 40 were present and  
enjoyed a delightful social time.

The Christmas entertainment and  
hunting treat as presented by the  
M. E. Sunday School on Christmas  
eve, does credit to the work of the  
efficient Committee and the new Su-  
perintendent, Mrs. G. W. Hook. The  
attendance is gradually becoming bet-  
ter since the serious interruption  
caused by the "flu" and every one  
seems determined to make the com-  
ing year the best ever experienced.  
May these good resolutions never be  
broken.

Carson Davis and Herald Downing,  
medical students, at the University of  
Cincinnati, were holiday visitors with  
home folks.

John Whittemyer of Camp Taylor,  
Ky., was here during the holidays.

Mrs. P. A. Campbell who underwent  
an operation at the Good Samaritan  
Hospital, Cincinnati, Monday of last  
week is getting along nicely and will  
soon be able to return home.

Mack Watts of the S. A. T. C. at

is also a student at Delaware Col-

## POLLYANNA IS THE ATTRACTION AT THE WASHINGTON TONIGHT

Maysville Theater Goers To Be Given  
An Opportunity to See a Real  
Show With Merit Tonight.

Not in years has so much genuine heart interest centred in an American book or play as is now directed toward "Pollyanna," which comes to the Washington for one performance only on Friday evening with an excellent cast assembled by Klaw & Erlanger and George C. Tyler. The "Pollyanna" stories, which have enormous circulation in many lands, were written by Eleanor H. Porter of Boston. "Pollyanna" was dramatized by Catherine Chisholm Cushing, the author of "A Window by Proxy," "The Real Thing," "Kitty Mackay" and Billie Burke's "Jerry." The comedy is in every sense one of fascinating interest and its urgent appeal is to those who have been through the mill of experience. It does not deal with sex problems, nor morbid themes, and is for the many who seek the theater for real diversion, for harmless merriment and appealing sentiment. And it is full of surprises. The play goes with the spirit of glad philosophy. Pollyanna, young girl, the orphaned daughter of a western missionary, has gone to live with a crusty maiden aunt in the city. The aunt did not desire her, but through her persistence in playing what she calls "the glad game," Pollyanna not only won the heart of her aunt, but transformed all the grouchies of the town. "The glad game" is simple. The player simply tries to be glad over everything; it matters not what happens. So keen is the interest in many cities where "Pollyanna" has played, that

local ministers have preached the philosophy of Pollyanna from their pulpits. Young people all over America have organized what are called "Glad Clubs" to attend the play and drink in the beautiful philosophy of the buoyant girl whose gladness converted an entire community into one of happiness.

Madge Bellamy leads the cast, and those prominent in her support are Gordon Johnstone, George Lindsey, John Webster, Facion Campbell, Katherine Rober, Helen Weathersby, Master Thomas Deely and others.

### "IN A BAD WAY"

Many a Maysville Reader Will Feel Grateful for This Information.

If your back gives out, becomes lame, weak or aching; if urinary troubles set in, perhaps your kidneys are "in a bad way."

Doan's Kidney Pills are for weak kidneys.

Local evidence proves their merit.

Mrs. R. W. Lauderback, W. Second Street, says: "Two years ago I was suffering with kidney trouble and had been for a long time. I was nervous and dizzy and had severe headaches. My kidneys were too frequent in action and annoyed me greatly. I had a dull ache across the small of my back and my back was so lame at times that I could hardly bend one way or the other. Some one advised me to use Doan's Kidney Pills and I got a box at Wood & Son's Drug Store. They helped me at once and completely cured me of the trouble."

Mrs. Lauderback is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mrs. Lauderback—the remedy backed by home testimony. 60c all stores, Foster-Milburn Co., Prop., Buffalo, N. and it was heavily guarded by chasers and war ships. Only had one attack, one of our four ships was struck by a shot from a submarine, but she did not go down. We had a great many deaths on board going over from the flu. I did not even get sea sick going or coming. England has some beautiful sights to see, but most of the landscape is made by hand, trees are very scarce. Every house is built of brick or concrete. The trains certainly are funny things, very small and the coaches built in stall fashion, and the people have to ride according to their class. They go in three classes. The weather is very damp. I never saw the sun shine a whole day the whole time we were there. Our host friends were the Red Cross and Y. M. C. A. If it had not been for them the soldiers certainly would have seen some tough times. The "Y" furnished huts so the boys could gather, write letters and furnished plenty of writing material. Soldier's mail went without postage over there. The Red Cross furnished the boys with good American cigarettes and tobacco, also candies. Also when the troops were on trains and would be hungry and happen to stop at stations we would always find Mother Red Cross with hot coffee and plenty of good eats, no matter what the hour may be, night or day. If it had not been for those two great organizations the boys would have had many blue days over there. They acted the same way on this side too.

We were four and half months across but it seemed like twenty years to me. Coming back it only took us nine days. It should have been seven but we had to dodge a storm. We caught the last of it, the ocean got some rough and the old ship did some rocking and rolling, but we came through all right. The only danger now would have been a stray mine, but they kept mine sweepers out all the way across. We sighted land just before sunset on the seventeenth of December and every body on board acted as if they had lost their minds because they were overjoyed at the shores of the dear old U. S. A. that night when we pulled up the Hudson river. We were recognized and the welcome and greetings we got will be one never to be forgotten. Every whistle and bell that a hand could pull was in action for an hour. Next morning we pulled into port and landed, we were met by the Red Cross, Y. M. C. A., K. of C. and great many other organizations. They issued telegram blanks, sent them free, also gave cigarettes, candies, fruits and a great many other things that we had not had for a long time.

I had a letter from George, he is

still in France, was well then. I have been well all the time, took good care of myself. Had a letter from sister stating that mother had to go to bed, can not stay up. Do you know if she is in a serious condition?

Please let me know about the insurance. Has Claude paid you anything?

If he has not I am sure you have seen to it for me. You let me know just how we stand in your next letter. I can never thank you for your kindness and the interest you have done for me while away. I feel that everything is all right. Just as soon as I am discharged I will be home. Best regards to Mrs. Curran. We are having fine weather here at present, but a little cold.

Respectfully,

HERBERT.

### FOR FEEBLE OLD PEOPLE

John Devitt Recommends Vinol to Create Strength and Vitality.

Martinton, N. Y.—"I am 69 years of age and after a severe sickness, was in a weak, run-down condition. Vinol has built me up and made me strong, so now I feel real well again, and I can recommend it to others for such conditions."—John D. Devitt.

The reason Vinol was so successful in Mr. Devitt's case, is because it contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength. It is perfectly wonderful what it does for old people.

### THE EXCITEMENT OF ADVERTISING

There is nothing more popular than excitement.

Excitement makes people do incredible and impossible things.

Excitement makes a rabbit spit in a bull dog's face.

Excitement is the spice of life. It is also the secret of success in many an advertising campaign.

Advertising, after all, means this: The merchant creates an excitement about his goods.

By means of advertising he makes his goods interesting.

He talks about them in such an excited, delighted way.

He prints pictures of them.

He tells stories about them.

He shows you prices.

He reasons.

He compels people to pay attention to his goods.

Advertising brings the crowd, and the crowd creates excitement.

People always want what others have.

They want to see what other people are talking about.

Everybody likes to buy at a popular store; very few people are so eccentric they want to buy at a store which hides itself in oblivion.

This is one of the great secrets of advertising. It gives the buyer the keen fascination of excitement—Ad-vance Club News.

### BOY SCOUTS TO PLANT TREES IN HIS HONOR

New York, January 8—in order to give permanent expression to "all-Colonel Roosevelt stood for the boys of the nation" sixteen thousand troops of the Boy Scouts of America, comprising 400,000 members have been instructed to plant one or more trees with suitable inscription and ceremony in memory of the former President, the national council of the organization said in a telegram of condolence sent to Mrs. Roosevelt at Oyster Bay. Colonel Roosevelt, the telegram continued, "He had aided materially in the development of the scouts and each of its members regarded him as their hero."

## FULL OF GINGER

When the sale started at the GROWERS HOUSE Thursday morning it was plain to be seen there was to be something doing, for with the OLD TIMERS lined up for the big factories — T. A. Duke for the American, Buck Clift for the Reynolds, J. C. Burwell for Liggett & Myers, J. B. Strickland for the J. P. Taylor Co., Raymond Helzer for Helzer-Tuck and Will Walker for his own factory—each eager for the Fine Tobacco that was on the floor, it was not long until the fur began to fly, and Engineer Rucker, with full head of steam, soon had everybody on the move, and even the Pin Hookers caught the fever and assisted in making a market that will stand as a Record Breaker, and those who were fortunate enough to be present, in years to come, will tell their grandchildren about it.

Look in the daily report for the number of crops selling at high averages, to which we might have added quite a few more. No wonder we smile.

### TABACCO MARKET IS CONTINUING LIVELY

Interest in the Sale of Tobacco Is Kept at High Pitch While Prices Continue to Soar Into the Big Figures.

Things were again very lively on the Maysville tobacco market Friday and the week's sales came to a close with everyone more than pleased with the first full week of the market.

The entire week was probably the greatest week in the history of the Maysville market as never before have there been so many high priced crops sold in five days.

All grades of tobacco Friday seemed to be just as strong as they were on Thursday when in many respects the state record for quality and price was broken. Speculators during the week have made themselves rich by crops they had purchased in the high twentys which during the pre-season period seemed high but which sold for more than thirty dollars when the market opened.

Houses selling reported as follows:

Sales were held today at the Amazon, Central and Home warehouses.

Sales will be continued today on the blocked floors. The \$347,235 lbs. sold on Headley floor Wednesday averaged \$36 per 100 lbs. and the high price basket sold for \$75.

Shelbyville, January 9.—The tobacco market today was the highest of the season, 326,950 lbs. selling at the Star house at an average of \$31.45. Prices ranged from \$12 to \$68. One crop of 5,000 lbs. sold at an average of \$54.41, and several above \$45.

Colonel J. W. Elgin and family have moved from Edgemont to their home in Market street where they will reside during the winter months.

Two of the best business locations in the city of Maysville are for rent and we should soon obtain two first-class business concerns for their occupancy.

Coy Theo Kirk, of the Reynolds Tobacco Company, was on the Maysville Tobacco market today.

There's only the way to get ahead and that's to keep going straight forward.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. ORA O. BOWERS, 621 S. Hosmer Street, Lansing, Mich.
